REPUBLICANS OF INDIANA AND ILLINOIS, LOOK OUT FOR PIPE-LAYERS!-The Douglasites have, it is ramored, commenced running voters out of the State, into Indiana and Illinois, with a view of carrying those States for Douglas. They have given up all hopes of carrying Ohio, and are using all their money to flood Indiana and Illinois with fraudulent voters. The desperation to which the supporters of Douglas are driven knows no bounds, and all possible means to defeat the Republicans of Indiana and Illinois will be used. Republicans of the Hoosier and Sucker States! guard well vonr ballot boxes. Prevent all this fraudulent voting, and your States are safe for Lincoln and Hamlin by large majorities. - Ohio State Journal.

THE SOUTHERN GASCONADE,-The Baltimore correspondent of the New York World

The roaring of the Southern Secession papers and politicians in the Index have reached us, and are received with ridicule and contempt. Everybody hereabout knows it is all a political trick, to try and frighten off voters from Lincoln in the North. There is no more serious idea of secession, even in South Carolina, than there is of their at- w. H. D. Callender tempting to fly without wings. As Yancey has let down in the North, such is the real state of feeling, even among the politicians. As to the people, they pay no attention to such buncombe stuff. They are too used to it it is a correct to it.

Another Important Accession .- We are particularly well pleased with the cheerful sign " embodied in the position just taken by ex-Senator Briggs, of Rensselear county. He has been , from the first, a straight-forward American Conservative. No man in
